

FY23 BroadbandUSA Federal Funding Site Update

Department: Department of the Treasury

1	Federal Agency/Bureau	Department of the Treasury
2	Program Name	American Rescue Plan Coronavirus State and Local Fiscal Recovery Funds
3	Authorizing Legislation	American Rescue Plan Act of 2021
4	Program Overview	The Coronavirus State and Local Fiscal Recovery Funds (SLFRF) program, a part of the American Rescue Plan, delivers \$350 billion to state, local, and Tribal governments across the country to support their response to and recovery from the COVID-19 public health emergency. Recipients may use SLFRF funds to: respond to the far-reaching public health and negative economic impacts of the pandemic, by supporting the health of communities, and helping households, small businesses, impacted industries, nonprofits, and the public sector recover from economic impacts; provide premium pay for essential workers, offering additional support to those who have and will bear the greatest health risks because of their service in critical sectors; replace lost public sector revenue, using this funding to provide government services up to the amount of revenue lost due to the pandemic; and invest in water, sewer, and broadband infrastructure, making necessary investments to improve access to clean drinking water, to support vital wastewater and stormwater infrastructure, and to expand affordable access to broadband internet. The Coronavirus State and Local Fiscal Recovery Funds provide substantial flexibility for each jurisdiction to meet local needs within these four separate eligible use categories for a strong and equitable recovery.
